ABOUT ME

Been in love with IT and technology since I was a little kid. Bachelor's degree in mathematics and computer science. Graduate Degree in automation and computer science with a graduate degree project consisting of a server-less front-end application. Fell in love with React

WORK EXPERIENCE

Database administrator/developer
Cortex AG [01/04/2018 – 01/09/2019]

Address: Strada Somes, Nr.17, 300570 Timisoara (Romania) - cortex-ag.com
City: Timisoara
Country: Romania

- use of javascript, php and own programming language (created and used only inside of Cortex Ag) for the development of scripts in order to manipulate all the incoming data, as well as already existing data
- use of javascript, html, css, bootstrap, jquery for front-end web applications
- use of nodejs for back-end scripts
- NoSql database (Cortex Db) - administration
                          - development

Website Administrator
Royal Supps [10/09/2018 – 11/02/2019]

Address: Baia Mare (Romania)

- maintenance and continous development of www.royalsupps.com

IT Consultant
ROREG [12/2019 – Current]

Address: Strada Proclamatia de la Timisoara, Nr.5, Etaj 1, Timisoara (Romania) - www.roreg.eu
City: Timisoara
